Selection Process

An undisclosed panel of jurors will be selected to review all video submissions. Similar to the process of ensemble selection for concert performances at CBDNA conferences, there are no strict parameters for the selection of marching band videos. Jurors will be instructed to make selections and rankings based on their own value system of excellence and/or achievement. The CBDNA Athletic Band Committee will then confer the jury selections and notify the submitters.

Eligibility

Bands are ineligible for selection in consecutive National Conferences. Selected bands from the 2019 National Conference will not be eligible for selection at the 2023 National Conference. Those selected for presentation at the 2019 National Conference will not be eligible for selection again until the 2025 National Conference.

Responsibilities

- Directors who submit must be paid members of CBDNA. Submissions by noncurrent CBDNA members will not be considered
- Directors of selected videos will be notified by mid-January 2023
- Bands selected **MUST** have a representative at the National Conference to serve as a presenter. The director of the athletic band is the preferred presenter. **PLEASE BE AWARE THE NOTIFICATION OF SELECTION FOR PRESENTATION OCCURS ONE MONTH BEFORE THE CONFERENCE.**
- The institution should already have all the applicable licenses (i.e. permissions to arrange) for the musical selections within the video submission.
- Each presenter will be given a brief two-three minute opportunity to describe and present the performance at a video session at the National Conference. The details of the presentation will be provided at a later date.
